## PMI Dallas News & Updates | February 2026

### From the President | Kimia Penton

Dear PMI Dallas Chapter Members,

To our newest members, welcome! We are so glad you're here. To those who have been part of this chapter community, thank you for your continued involvement and leadership. I'm incredibly proud to be part of such a vibrant and engaged community rooted in growth, development, and meaningful impact.

Each month, we welcome new professionals into our chapter and celebrate members who earn new certifications and reach important career milestones. These achievements reflect the dedication and excellence within our community, and we look forward to recognizing many of you in our upcoming communications and media highlights.

I also want to extend a heartfelt thank you to everyone who attended our January dinner meeting. The turnout, energy, and thoughtful engagement were a wonderful way to start the year. Your participation in the quick quiz provided valuable insights into the types of experiences you'd like to see more of. Some of you expressed interest in in-person networking events, mentorship programs, and panel discussions with industry leaders, along with fun, casual meetups and happy hours. We loved the creative ideas you shared from pickle-ball tournaments and Topgolf outings to the ambitious and exciting suggestion of hosting a PMI Global Conference here in Dallas! Our volunteer teams are reviewing your feedback and exploring how we can incorporate these ideas into our programming this year.

In the meantime, I encourage you to get involved right away through our existing mentorship program and breakfast meetings, in addition to our monthly dinner events. These are excellent ways to connect, learn, and build relationships within the chapter. Be sure to keep an eye on our calendar for upcoming events and new opportunities, which will allow us to organically build our networks and friendships.

As project managers, we are navigating rapid change — new technologies, evolving tools, and new ways of working. In times like these, our community matters more than ever. Leaning on one another, sharing

knowledge, and building meaningful connections set us apart as professionals and strengthen our impact across industries. Let's continue to support each other and grow together.

Wishing you a happy, healthy, and successful month ahead.

Warm Regards

Kimia Penton

President, PMI Dallas Chapter

## February 19, 2026, Monthly Dinner Meeting Building Bold Belief in Every Season

### Meet Our Dinner Meeting Speaker: Elizabeth Mahusay

What if building confidence started with changing the way we think?

Elizabeth is an author, executive business coach, and dynamic speaker who is passionate about helping people transform their thinking so they can lead with clarity, confidence, and purpose. A former chemistry teacher, she blends the science of neuroplasticity with real-world leadership experience to help audiences build habits and mindsets that create lasting impact.

## PMWJ Book Review – February 2026

### Book Review by Anzar Ali Hasan

What does strong leadership really look like in an AI-driven world?

In *The AI-Savvy Leader: Nine Ways to Take Back Control and Make AI Work*, author David De Cremer challenges leaders to rethink their role as artificial intelligence becomes more embedded in everyday decision-making.

## Discover What's Next in the Generative AI Era

## Preparing for the Intelligent Future of Work March 14, 2026

Generative AI is no longer just about chatbots and text prompts; it's transforming how we work, innovate, and make decisions across industries. Join us for an engaging and insightful session exploring what lies ahead in the generative AI era and how individuals and organizations can prepare for an intelligent future shaped by human imagination amplified by AI.

This session goes beyond the familiar capabilities of ChatGPT to explore the broader revolution underway, where AI agents, autonomous workflows, domain-specific models, and human-AI collaboration are redefining business and society.
