PMI Madrid Spain Chapter monthly meeting

April 23rd, 2026

On April 23, 2026, the PMI Madrid Chapter held its monthly meeting, where two members who have launched two new projects for the Chapter's members (Entrepreneurs and Health and Pharma) briefly participated. Additionally, Alfonso Bucero gave a presentation on the topic "LEADING YOURSELF IN TIMES OF AI," which was well received by all attendees.

The agenda was as follows:

1. Introduction (Jesús Vázquez)
2. Leading oneself in times of AI (Alfonso Bucero)
3. Brief presentation of the entrepreneur project (Ignacio)
4. Brief presentation of HEALTH (Barbara Marcos Figueroa)
5. Delivery of Recognitions and congratulations to new certified partners.

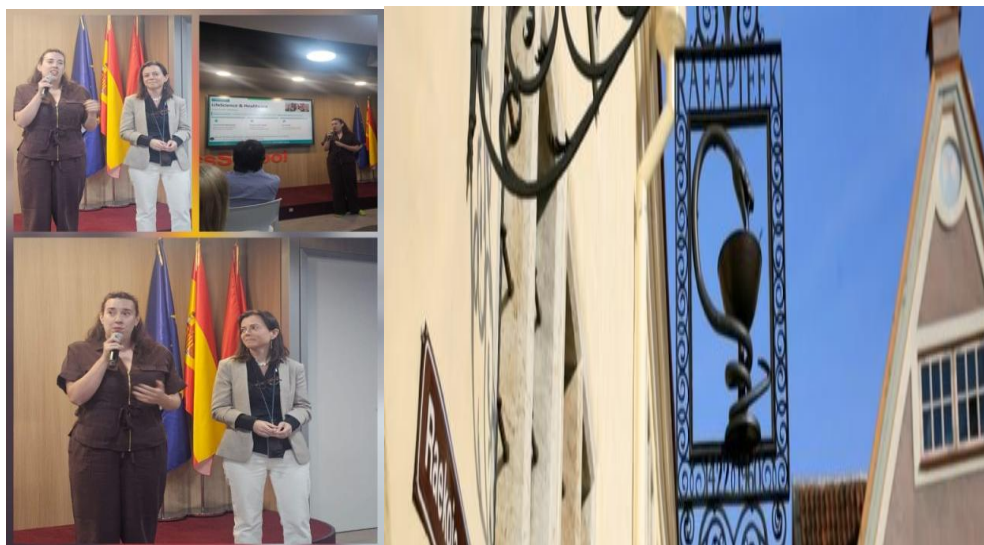

There was an attendance of more than seventy professionals, among them some project management students from EAE (School of Business Administration).

Later, as has become customary, there was a "networking" session in a nearby restaurant where we had the opportunity to exchange opinions, ideas, and projects.

As Silvia Rodríguez, MPharm, MSc, PMP® says, the Health-care - Pharma group is being born... after a couple of years searching for fellow Project Managers in the industry. Finally, my calls to a 'universe' that did not answer me have brought me two incredible pharmaceutical women with strong energy to start this project. Thank you Silvia Rodríguez, MPharm, MSc, PMP® and Simona Denti, we are going to shape this initiative and hopefully many more PMs will join (Bárbara Marcos, PMP).

The PMI Madrid Spain Chapter continues to offer added value to its members through monthly meetings, networking, an annual congress, and supporting various task forces (mentoring, reading, conferences, and student activities periodically). Furthermore, its number of members continues to increase, and the monthly meetings are becoming more and more crowded.

TODAY IS A GREAT DAY, AND TOMORROW WILL BE BETTER!
