

PMI Dallas News & Updates | June 2026

From the President | Kimia Penton

Dear chapter members,

As we step into a new month, I want to wish each of you a wonderful season ahead filled with growth, connection, and continued success both personally and professionally.

One of the things I'm most proud of about our PMI Dallas Chapter is the incredible sense of community we continue to build together. A heartfelt thank you to our Board members, volunteers, and chapter leaders for helping launch new initiatives focused on strengthening connections across our membership. From happy hours and Coffee & Community gatherings to our longstanding monthly dinner meetings and breakfast events, it has been inspiring to see our members come together to learn, network, and support one another.

We also greatly enjoyed joining the recent community event hosted by our friends at the PMI Fort Worth Chapter. Collaboration across our North Texas PMI community continues to strengthen our collective impact, and we're grateful for these partnerships and opportunities to connect.

A few important announcements for those looking to become even more involved in the PMI Dallas community:

Our PMI Dallas Toastmasters Club will host its next virtual meeting on Saturday, June 20th. This meeting is especially important because annual officer elections for the 2026–2027 program year will take place. A quorum of active members must be present for the election to be valid, so your participation truly matters. This is a wonderful opportunity to help shape the club's future leadership while continuing to grow your communication and leadership skills.

Green Project Management: Sustainability after Close-out

Up to 80% of a product's environmental impact is set during the design stage, long before closeout.

This month, PMI Dallas challenges project leaders to think beyond delivery and lead in a way that leaves the world better than they found it.

Meet Our Speaker: Dr. Casey LaFrance

Dr. Casey LaFrance helps organizations design, deliver, report, and listen for value in places where decisions break templates. His work focuses on creating change that supports both communities and systems.

Date: June 11, 2026

Time: 5:30 PM to 8:00 PM
